AtL:Reducing Stress and Anxiety

One of the AtL skills practiced in advisory is reducing stress and anxiety. Being balanced means being able to cope with demands on us from all parts of our lives- social, physical, academic, etc. When we have a lot going on in our lives, it is normal to feel some stress and anxiety- being balanced also means learning to cope with these feelings. Today we will discuss some strategies to help us do that. Students will participate in a lesson that discusses coping techniques useful for stress and anxiety.

Shoe Drive Raffle!

Each advisory that donates 25 pairs of used/gently worn shoes will be entered into a raffle for a treat and open-gym.

Keep the shoes in your advisory classroom until you've reached the 25 pair total. Once you've got a container of 25 shoes, let Ms. Urbanczyk know for pick-up, or bring the container to Room 119.

Can your advisory donate more than 25 pairs of shoes? Yes! You will be entered into the raffle for EVERY bag of 25 shoes donated.

What if we don't get to 25 pairs? That's okay! At the end of the shoe drive, NJHS will be around to collect any shoes that are donated.
Every pair helps!

What if I have shoes to donate but am not tied to an advisory? Please bring your shoes to Room 119.

Shoes of ALL STYLES AND SIZES are accepted.

Help us raise funds just by donating gently worn, used and new shoes! Be sure to ask, friends, family, neighbors and co-workers to donate too!

Collected shoes not only help support us, but they will be reused and given a second life by those in need through #microenterprise. It's a WIN-WIN!
