Dr. Kara Coglianese  
Superintendent of Schools

May 20, 2019

Dear Crete-Monee 201U Families,

Greetings! Let me be one of the first to congratulate you and your proud graduate and welcome you to the Crete-Monee High School Class of '23 family! You are now officially a part of the *Warrior Nation*! My name is Taurus Scurlock and I teach both Advanced Placement Seminar and freshmen Social Studies in addition to coaching freshman football at the high school. This summer, I will also serve as the Coordinator for Summer School at CMHS. You are receiving this letter because your child is currently enrolled, or will be enrolling in Advanced Placement courses at CMHS. To that end, we want your child to be successful in AP courses because it is an added benefit to both the student and the parent. **First**, the student, if successful, will gain college credit through the AP Testing and College Board. **Secondly**, if your child is successful in earning college credit through AP Testing and College Board, it is a bonus benefit for you as a parent because you can save thousands of dollars in tuition costs since your child has satisfactorily tested out of some college courses. To this end, we have designed a free course for in-district students that will assist your child in achieving success! The course is entitled: **Introduction to Advanced Placement Courses**.

This course is *not required* and it carries *no graduation credit*, but it will introduce your child to the specific skills necessary to 1) *be successful in freshmen AP courses*, and 2) *successfully pass the AP Test for college credit*. The course is offered in the second session of summer school and is slated to meet **Monday-Thursday July 8th-July 25th from 8:00 am to 12:00 pm**. This course is taught by practicing AP teachers in several disciplines, including math, English, and social studies and they have successfully completed intensive training with the AP College Board and are highly qualified and certified to instruct AP courses; therefore, your child will be receiving high-quality instruction by first-rate practitioners. The objective of CMHS is to guide your young scholar to the next level of success and enrolling in **Introduction to Advanced Placement Courses** is a great start! If you have any questions, please feel free to contact me at my email address [scurlockt@cm201u.org](mailto:scurlockt@cm201u.org) or feel free to call me at 708-367-2882.

Regards,

Taurus Scurlock
